

A New Approach for Independence and Care

Decades ago, our company set out to answer a seemingly simple question: how can we bring the benefits of a continuing care retirement community to people who prefer to age in the comfort of their own homes? The answer to this question created a vision—to provide for the delivery and coordination of a full continuum of services together with a financial mechanism to help pay for care in the home—provided by our first division, Friends Life Care.

In anticipation of future growth, Friends Life Care Partners was established as the parent organization to Friends Life Care in 1998. As we grew, so did our strategy—to cover a broader spectrum of needs.

Today, Friends Life Care Partners is a nonprofit Quaker organization whose family of companies share operational management and a common commitment: to help people maximize their quality of life as they age.

Our Mission

Advancing long-term care and wellness through innovative solutions that anticipate and respond to lifelong health care needs. Ensuring service excellence and sustainability through our commitment to Quaker values.

At the heart of all we do
are three words:
Pioneer. Innovate. Inspire.

A Family of
Companies
Committed to
Independent
Aging

**Friends LifeCare
Partners**
Pioneer. Innovate. Inspire.

The first and largest continuing care at home plan provided in the United States.

For over 30 years, Friends Life Care has offered a unique alternative or supplement to long-term care insurance and continuing care retirement communities.

Our affordable membership is:

- Structured to protect your savings and health so you can remain independent at home as you age.
- Customized to provide comprehensive care coordination and home care should you experience a change in health.
- Focused on wellness and prevention, supporting you with an award-winning VigR™ program to optimize long-term health and resilience.
- For those aged 40–85, in good health, and living independently in Pennsylvania or Delaware.

What makes us different is our Care Coordination team. Your Care Coordinator is:

- A highly credentialed employee of Friends Life Care who will design and oversee your wellness and prevention plan today, and your care if you need it in the future.
- Partnered with you on day one of your membership, working as your personalized health care advocate.

Peace of mind today for a secure future tomorrow.

Full-service consulting: from feasibility to implementation.

Friends Life Care Consultants offer comprehensive services to help nonprofit organizations, such as life plan communities, expand their reach to serve the growing majority of consumers who prefer to age in place.

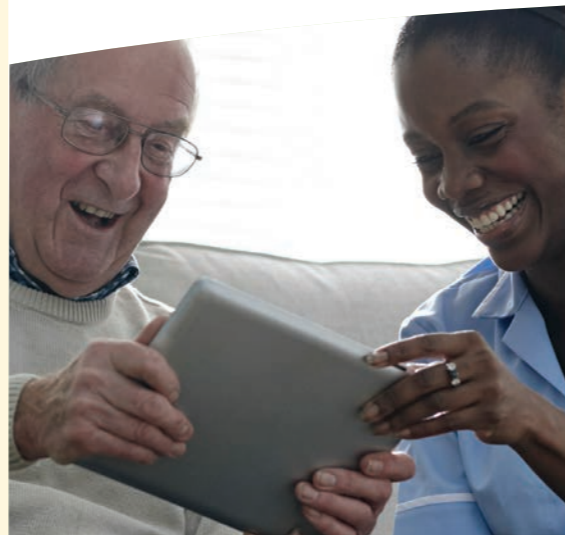

Our services include feasibility studies and the development and implementation of “at home” services.

Please visit the Consulting Services page at FriendsLifeCare.org

The Quaker Tradition

The Society of Friends, commonly known as Quakers, has a rich tradition of service in the Greater Philadelphia Area. Friends were among the first to develop dedicated services for the aging.

We are proudly dedicated to the Quaker values of integrity, inclusion, compassion, and respect for human dignity.

Our first priority is the welfare of the individuals and families we serve.

Among the oldest, most trusted care management and guardianship organizations in the Greater Philadelphia Area.

Intervention Associates provides professional in-home and other care management services and legal guardianship services by partnering with professionals or working directly with families and their loved ones.

We are comprised of seasoned and highly-credentialed professional Care Managers who help people of many ages with issues such as intellectual disabilities and chronic and mental health disorders, including Alzheimer’s disease and dementia.

We offer comprehensive assessments to determine the strengths and needs of your clients and loved ones, and recommendations of how to improve their lives.

Support for professionals and families includes:

- Care Management and Care Plan Development
- Legal Guardianship
- Health Care Navigation
- Durable Health Care Power of Attorney
- Expert Crisis Intervention

Guidance based on expertise, driven by compassion.
